

Wisconsin Youth Apprenticeship Growth at a Glance

	1992-93	2003-04
# Youth Apprentices	21	2205
# Employers	9	1594
# School Districts	4	351
# Occupational Areas	1	22

The chart below illustrates the number of students and employers who have participated in the Youth Apprenticeship program since the program began in 1992. The program started in four school districts; today 82% of Wisconsin's school districts are involved in a local partnership. Note that program participation doubled after state funding became available in 2000-01. Program participation has decreased since state funding was reduced.
